Artist Statement:

Art is expression, the ability to take your inner visions and give them form, color, and a life of their own. The mind as well as the world we live in is a vast studio, endless in subject matter. My Work is usually spontaneous. A single piece of work may go through several changes, expanding and growing as it progresses. I use color composition and form to sometimes create an atmosphere of fantasy and reality blended together to complete a painting. My desire is the never-ending freedom to express myself.

Personal History:

Born in Boston, Massachusetts and raised in New Hampshire and Indiana. While attending college in Indiana, Anthony soon discovered his passion and talent for painting.

Art Education:

Anthony received some formal education at Ball State University in Muncie, Indiana. Anthony is largely self-taught.
